## SKILLS

As a hardworking and dedicated team member I strive to fulfill all the requirements and tasks presented to me with high quality effort and workmanship. Skilled in several components of retail. Customer service is a key aspect when working in retail fulfillment. Processing merchandise for the sales floor and storing back stock appropriately to ensure it is available to fill the sales floor as needed. Ensuring damaged merchandise is taken care of properly, either selling at a discounted price or marked out of stock.

While working at Olive Garden I gained kitchen experience. I assist in maintaining the cleanliness of the kitchen at a high standard. I have been cross-trained as both a dishwasher and line cook. Through this position I have been tasked and gained the following experiences: maintaining a clean work space, effectively preparing appetizers, working as a team on the line and independently to prepare the orders in a timely manner.

## EXPERIENCE

### **Olive Garden - Deptford, NJ**

*Dishwasher/Line Cook/To Go Specialist*
